

# Bachelor Business Management

## Introduction

### Objectives

#### A post high school program with an intensive practice of English

Created in 2022, the Bachelor Business Management is a program with:

- **A firmly international dimension:**

During the 1st and the 2nd year, in addition to English courses and a second language, half of the courses will be taught in English. In 3rd year, students will be able to choose between a year abroad amongst one of iaelyon 120 international partners or a year in France fully taught in English. Also, 20% of international students will be integrated in the group in order to reinforce the intercultural dimension of the program.

- **A challenging general curriculum**, based on detailed learning of the basics which allows students to apply for Masters in Management or International Trade.

- **An application of theoretical knowledge through regular meetings with professionals**, business games and mandatory internships in 2nd & 3rd year.

- **A class spirit, strengthened by small groups of students** (around 60 students including international students), group projects cohesion activities and community engagement.
