

International MBA (IMBA, Executive MBA)

Introduction

Objectives

Think Large Think International

The iaelyon Executive IMBA is a unique executive program, entirely taught in English over 11 months.

International guest speakers, professors and practitioners come to share their knowledge and expertise with a culturally diverse classroom. Developed around a flexible part-time format, with classes taught on Fridays and Saturdays, the IMBA offers the opportunity to follow courses all the while keeping a full-time job, thereby minimizing any potential disruption for candidates and employers.

Recruited on an international scale, participants come from varied cultural backgrounds and benefit from different academic and professional experiences; the diversity of a multicultural and multidisciplinary group helps to provide a comparative approach.

Seminars are interactive with modern teaching methodologies including in-class case studies, references to concrete professional situations, in class role-playing and interactions between peers and lecturers. Participants are not only exposed to best management practices, they are also complementary and learn from one another.

The Master's is also available through the Accreditation of prior experience and learning, either total or partial.

(FRANCE)

The objective of the IMBA is to better prepare participants to be effective global managers who understand the overall environment, organization, employees and customers.

Participants will inherently learn to be more effective cross-culturally because of the international diversity of their classroom.

The IMBA curriculum does not only put the emphasis on the theoretical and practical aspects of management. It encompasses how these techniques should be adapted and applied in various parts of the world.

This program is registered to the National Directory of Professional Certifications (RNCP) under the reference 35916, a recognition from the state and social partners.

The highlights of the program:

- A Master's Degree, state diploma recognized in France and abroad
- A program entirely taught in English by iaelyon and international professors and practitioners
- A part-time program compatible with a professional activity: courses taught on Fridays and Saturdays
- A real business case in collaboration with a company
- An individual coaching offered to all participants
