

Introduction

High-level Program organized by iaelyon School of Management.

Objectives

Think ahead... Think International

The General Management Program (Master MAE), flagship degree of iaelyon School of Management, offers an overall vision of Business Administration and a set of skills in General Management to participants of various academic and professional backgrounds: engineers, doctors, lawyers etc.Designed for both French and international students the GMP is a full-time program entirely taught in English by iaelyon faculty members as well as international Visiting Professors and practitioners.

The program focuses on the development of double-skills and its strength lies in its general approach of business and management concepts targeting multidisciplinary and multicultural participants.

Long-lasting program, academically renowned, the GMP benefits nowadays from a strong recognition in the job market.

The highlights of the program:

- Program ranked in the 2025 Eduniversal national Ranking Best Masters
- Full English track
- Multicultural classroom and high level of interactivity due to small size of the group
- Internship and Career Center providing GMP students with personalized guidance and employability support
