## EXECUTIVE PROGRAM

### INTERNATIONAL MBA

The **iaelyon** IMBA is a unique executive program, entirely taught in English over 11 months. International guest speakers, professors and practitioners come to share their knowledge and expertise with a culturally diverse classroom. Developed around a flexible part-time format, with classes taught on Fridays and Saturdays, the IMBA offers the opportunity to follow courses all the while keeping a full-time job, thereby minimizing any potential disruption for candidates and employers.

Recruited on an international scale, participants come from varied cultural backgrounds and benefit from different academic and professional experiences; the diversity of a multicultural and multidisciplinary group helps to provide a comparative approach. Seminars are interactive with modern teaching methodologies including in-class case studies, references to concrete professional situations, in class role-playing and interactions between peers and lecturers. Participants are not only exposed to best management practices, they are also complementary and learn from one another.

This IMBA program is not only a year where participants learn about management tools and practices; it is a career-changing move, a real life-changing experience, during which candidates grow both from a personal and professional standpoint.

## WHAT THEY THINK

**Bruno FLEISCH**

Product Manager BT (ex British Telecom) and President of IMBA Alumni Network

It has been a quite intensive year but a truly exciting one. This MBA program covers all domains required to develop a worldwide executive manager and grows his or her career. Highly dedicated consultants and the multi-cultural diversity of the program, lecturers and peers enable all participants to get the right tools to become a world class manager. The students also benefit from a strong Alumni association to connect with peers all around the globe. I found in this program a very well balanced mix of management theories, analyses of case-studies and confrontations with personal or professional experiences of international lecturers and students. I highly recommend this IMBA.

Aged 45, I wanted to reorient my career. I made a bet to return to school. I was right. The Executive MBA of **iaelyon** was one of my most valuable experiences. I enjoyed benefiting from multicultural and experienced trainers during the year. This gave me the opportunity to firstly develop a wide array of functional business skills and secondly to develop at a personal level. The IMBA included a lot of work but it was definitely worth it. The return on investment was real. It helped me move to a strategic position in an up-and-coming company developing worldwide.
